

# SEBUKY

# Bio

Born in *Ecuador*, rised in *Barcelona*. Sebuky researches and creates with musical *instruments* and rhythms from around the world but particularly from *South America*, adding electronic .. beats enriched with *algorithms* that provide randomness to sound effects thanks to his other profession, computer science.

# Live Set

Each concert is a different experience, it *includes Andean wind instruments* (quenas, pinguyos, sicos) as well as electronic controllers and depending on the conditions of the place can also include: *Marimba* de Chonta, guitar, *charango*, Galician *bagpipes*.

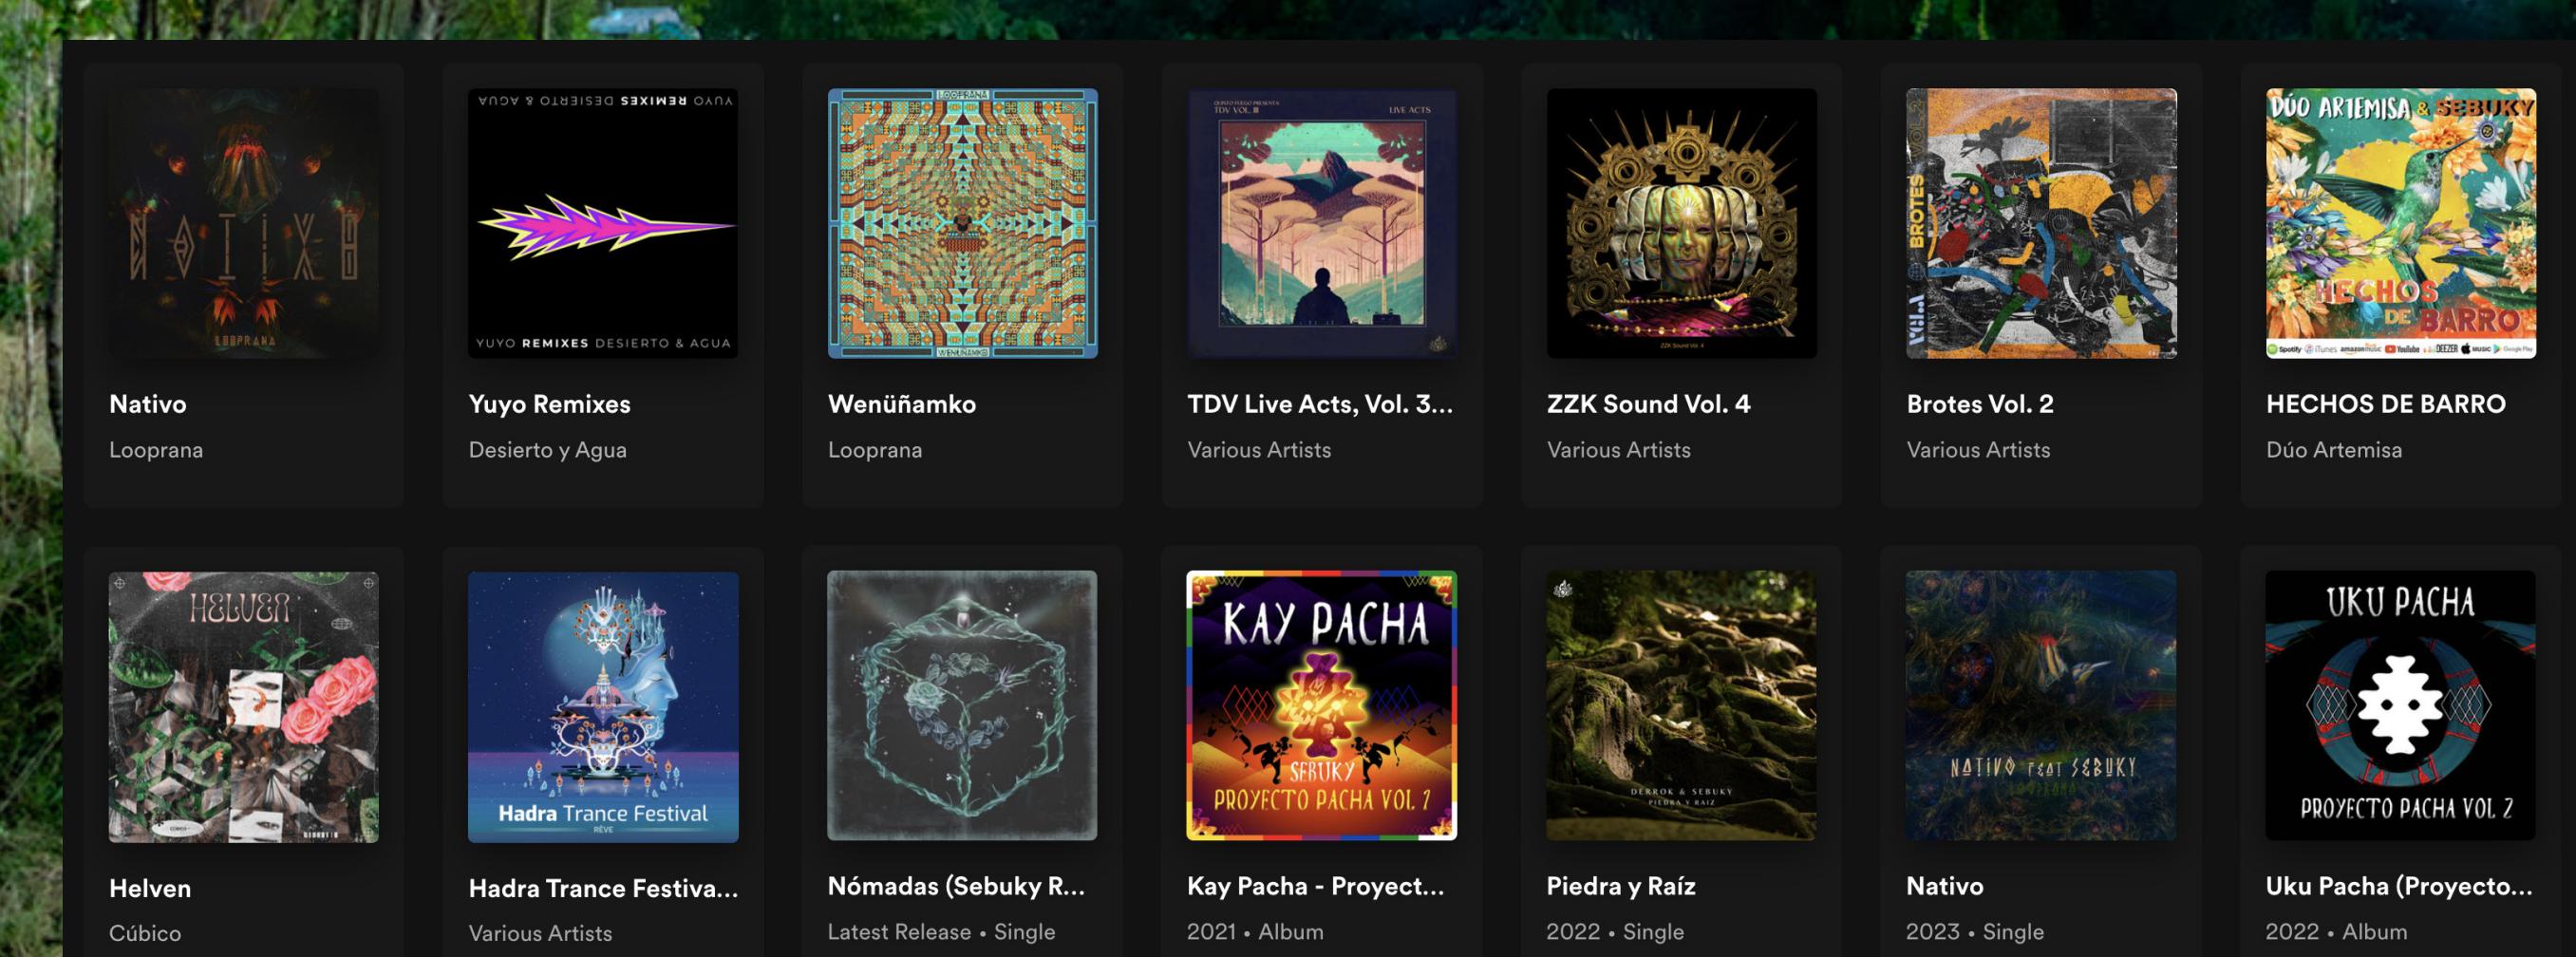

# Live Band

In Live Band mode\* *musicians of Latin american roots* join to enrich the show with *live voice*, sound effects and *Latin folk percussion* (Colombian, Peruvian and Argentinian ..) \*currently available in Europe only
